Dear valued partner

Re: Price increase 1st June 2023

Due to the poor performance of the Rand in recent weeks as well as increases from our local suppliers, we regret to announce another price increase this year.

Therefore, from the 1st June we will be applying a 10% increase on our retail prices across the full range of our products. Your normal discounts will still apply and any quotations that we or you have done in the last 30 days will still be valid until 1st June 2023.

I apologize for the short notice, but we had no choice in the matter.

Kind Regards

Chris Tarbuck
Managing Director.

Director. N.W. Hughes
